

Diagram of a DNA molecule with a loop. The sequence is 3'-g-u-5' on the left, followed by a long strand of bases (g-a-c-u-g-u-a-a-a-a-a-a-c-g-u-a-a-a-c-g-g-g) that forms a loop. The loop contains the sequence c-u-a-a-a-g-u-a-a-g-a-a. The strand ends with a 5' phosphate group.
