

The diagram shows a linear RNA molecule with a 3' end on the left and a 5' end on the right. The sequence of bases is: 3'-A-U-C-A-C-G-C-A-G-U-U-U-A-A-C-C-G-G-C-U-U-U-5'. The bases are color-coded: Adenine (A) is red, Uracil (U) is blue, Cytosine (C) is green, and Guanine (G) is orange. The molecule is shown in a double-stranded region (A-U, G-C) and a single-stranded region (A-U, C-G, A-U, U-A, U-G, G-C, U-U, U-U).
